Dear David,

I want to thank you and your team for doing an outstanding job in handling the Bermuda end of our recent move. You were very patient and thoughtful in responding to my many questions and I appreciate the advice you provided.

Joseph and his team were very good in managing the delivery and clean up. They were neat, friendly, efficient, and professional.

We will probably add some things to the late March shipment of the Buffet so we may find a 20' container is the most economical approach. We'll be in touch as we

set close to the shipping date.

Again, many Thanks for a
great job. I would recommend
Best Shipping to anyone.

Regards,

Stan
